**“Relational Redemption”**

**Genesis 1:26-27**

- 1.** What are the four relationships of God’s creation? And, how does recognizing these four relationships help us to have a proper lens to see God’s redemptive plan in us and in the world?
- 2.** In what ways does the disharmony caused by the Fall and sin impact those four relationships?
- 3.** What are the dangers of not seeing God’s redemptive plan through this four-fold relational lens? (Ex: If I don’t understand that my relationship with God is broken and that I’m separated from Him, apart from Christ, then I will not understand my need for the only One who can reconcile me to Him.)
- 4.** How does the gospel provide the remedy in God’s plan of redemption and restoration?
- 5.** The mission of the church is to be the body of Christ and the means of bringing about the renewal of all things, including individuals, institutions, cultures, and all of creation. In what specific ways can the church function as it was designed and live as agents of gospel-centered transformation and human flourishing?
